

LBD-2045D White

LBD-2045D Blue

Product Code: LBD-2045D

Hotplate & Stirrer

Standard: High Density Ceramic Coating & Temperature Control

Description:

High density ceramic coated stainless steel top plate for excellent chemical resistance. High class powder coated aluminium casting body for excellent heat and corrosion resistance. A heater that is durable and excellent in heat transfer is equipped.

Technical Specifications

Top Plate: High density ceramic coated stainless steel for excellent chemical resistance	Body: High class powder coated aluminium casting body for excellent heat and corrosion resistance
Heater: Durable heater with excellent heat transfer	Application: Laboratory heating and stirring applications
Features: Temperature control and stirring capabilities
